PRODUCT FEATURES

3 selectable colour temperature modes, including options ranging from warm white to daylight, adapt lighting to any grooming, makeup, or skincare routine.

Safety-certified shatter-resistant adhesive backing protects against glass fragmentation in the event of breakage.

Frame, hardware, and all mounting components are damp-location rated for lasting performance in bathroom environments.

Memory function restores your last selected brightness and colour temperature each time the fixture is switched on.

ADA compliant, meeting wall-projection requirements for residential and commercial accessibility standards.

90+ Color Rendering Index.

Convenient and safe wall mounting bracket design.

The memory function allows the mirror to return to its last used setting when it is turned on or off from the wall switch.
